Dear Mrs. Matzner:

I want to thank you for the time you spent with Kay Hazen, regarding the City of Palm Springs Business Retention and Expansion Survey. Such discussions are invaluable to us in identifying business concerns and opportunities in the City of Palm Springs.

The confidential nature of the outreach process naturally results in my not being aware of the particulars of any one company's situation. However, I am pleased to hear that you participated in this survey and are interested in improving the business climate in Palm Springs. Your company is a valued member of our economic community.

Again, we are grateful to you for participating in the program and sharing your views. Please do not hesitate to call the Department of Economic Development at 323-8175 or my office at 323-8200, for any future assistance or information you may need. We stand ready to support your success and development in any way we can.

Sincerely,

William G. Kleindienst  
Mayor
