Topic: Your contribution as Palm Springs City Manager Candidate Tour Guides

First, I want to personally thank you for working this time frame into your busy work schedules.

I received a phone call from Mayor Kleindienst yesterday with the results of all of your efforts. The Mayor and City Councilmembers were very pleased with the results of your introduction to the City of Palm Springs to all the City Manager candidate finalists. The Mayor also shared that all of the candidates made positive comments regarding their guide and tour. You all made a very positive first impression of our community to all candidates.

It was clear that you were the right team to achieve Council's goal, and to make it happen with only two days preparation. Each of you get a Chamber *Star* for the day.

Again, I appreciate your time, interest and dedication for our City, your chamber, and your sterling skills as a tour guide.
