Dear Diane:

Did I tell you everyone would love your cats? You pulled out all the stops and it was a kick - we loved the goldfish, catnip, and all the little details, as well as the spectacular chairs. I hope you get results from the exposure that can be measured in revenue dollars.

Will see you at the Athena awards next week; great picture in the paper.

Warm regards and thank you for your participation. When you can, please drop your award off to Julie Rogers at Palm Springs Life so we can insert your name and sign it.

Sincerely,

A handwritten signature in cursive script, appearing to read 'Eleanor'.
